

Reproductive & Perinatal Biology Seminar
Sponsored by
The D. H. Barron Reproductive & Perinatal Biology Research Program
And the Perinatal Outcome Research Center
(RPB Seminar Series)
Fall 2012
Wednesday 4:00-5:00 PM
D.H. Barron Conference Room
Medical Sciences Building M-304
As of 9/27/12

- September 12: **Firdous A. Khan MS** Department of Animal Sciences University of Florida [contact Dr. Pete Hansen]
"Compensatory ovarian response following ultrasound guided unilateral follicle ablation in cattle"
- September 19: **Mateus Sudano MS DVM** Department of Animal Reproduction & Veterinary Radiology Sao Paulo State University, Botucatu [contact Dr. Jose Santos]
"Cryotolerance of Bos taurus indicus and Bos taurus taurus in vitro and in vivo produced embryos"
- September 26: **Andrew Garner MD PhD** University Hospitals Medical Practice Case Western Reserve University School of Medicine [contact Dr. Nancy Hardt]
"Translating developmental science into healthier lives: Realizing the potential of pediatrics"
- October 3: **Julie Levy DVM PhD** Department of Small Animal Clinical Sciences University of Florida
"GnRH immuno-contraception for humane control of community cats"
- October 10: **Thomas Yang PhD** Department of Biochemistry & Molecular Biology University of Florida
"Mechanisms of Prader-Willi syndrome imprinting center function"
- October 17: **Maria Von Chamier** Department of Infectious Diseases & Pathology University of Florida [contact Dr. Mary Brown]
"Host genetic background impacts disease outcome during intrauterine infection with Ureaplasma parvum"
- October 24: **Jim Resnick PhD** Department of Molecular Genetics & Microbiology University of Florida
"Imprinting mechanisms underlying Prader Willi and Angelman syndromes"
- October 31: **Bob Cushman PhD** ARS USDA Meat Animal Research Center Clay Center, Nebraska
Alvin C. Warnick Lecture [contact Dr. Pete Hansen]
"Strategies to improve heifer selection and heifer development"

November 7: **Hilary Gammill MD** Department of Obstetrics & Gynecology University of Washington [contact Dr. Kirk Conrad]
“Reproductive outcomes and maternal-fetal microchimerism”

November 14: **Joan Jorgensen DVM PhD** Department of Comparative Biosciences University of Wisconsin [contact Dr. Paul Cooke]
“IrxB cluster genes are essential for oocyte integrity and follicle health during ovary maturation”

November 22: Thanksgiving Holiday
