

**D. H. Barron Reproductive and Perinatal Biology Research Program and the Perinatal  
Outcome Research Center Seminar Series  
(RPBO Seminar Series)  
Spring 2010  
Wednesday 5:00-6:00 PM  
D.H. Barron Conference Room  
Medical Sciences Building M-304**

- February 3: **Manabu Ozawa PhD** Post Doctoral Associate, Department of Animal Sciences, University of Florida. "Physiological Cues of Lowered Fertility Induced by Maternal Heat Stress in Mammals"
- February 10: **Naohiro Terada MD, PhD** Associate Professor, Department of Pathology, University of Florida College of Medicine. "Meiosis Specific Mitochondrial ATP Transporter in Mammals: From Molecular Evolution to Male Contraceptive Development"
- February 17: **Jose Santos PhD, DVM** Assistant Professor, Department of Animal Sciences, University of Florida. "Mechanisms of Anovulation Suppression of Fertility in Dairy Cows"
- February 24: **Nancy Hardt MD** Senior Associate Dean for External Affairs, Professor of Pathology and Obstetrics and Gynecology, University of Florida College of Medicine. "Maternal and Infant Mortality in the US. Why We Don't Measure Up"
- March 3: **Malgosia Pozor DVM** Clinical Assistant Professor, Department of Large Animal Clinical Sciences, University of Florida. "Medical Manipulation of Testicular Function"
- March 10: **Spring Break**
- March 17: **Maurizio Macaluso, MD, DrPH** Chief, Women's Health and Fertility Branch Division of Reproductive Health, Centers for Disease Control and Prevention. "Perinatal Outcomes of Assisted Reproductive Technology: Surveillance and Research Based on Record Linkage"
- March 22: **Louis Peeters MD** Associate Professor, Department of Obstetrics and Gynecology, Maastricht University Medical Center, Netherlands. "The Impact of Preeclampsia on Long-Term Maternal Health" **NOTE SPECIAL MONDAY SEMINAR DATE**
- March 31: **Jon Oatley PhD** Assistant Professor, Center Reproductive Biology and Health Department Dairy and Animal Science, Pennsylvania State University **[Donald H. Barron Lecturer]**. "Mice and Men and Bulls: The Study of Germline Stem Cell Biology in Biomedical Sciences and Animal Agriculture"
- April 7: **Carl Hubel PhD** Associate Professor, Magee-Womens Research Institute, Department of Obstetrics, Gynecology and Reproductive Sciences, University of Pittsburgh. "Endothelial Progenitors, Soluble Receptors and Preeclampsia"

- April 14: **Bill Farmerie PhD** Scientific Director of Genomics Services ICBR, University of Florida. "ICBR Second Generation DNA Sequencing Capabilities, Applications, and the Emerging Third Generation DNA Sequencing Technologies"
- April 21: **Alexander Agoulnik PhD** Professor, Department of Human Genetics, Florida International University. "Genes and Hormones in Testicular Descent"
